We've earned the reputation for having The Safest Seat on the Road™ by consistently manufacturing superior products that not only comply, but often exceed local, state and national standards.

The versatile and lightweight SB11 offers all the features in a school bus seat while also allowing over 15" of emergency egress at hip level. If specified, it can also be converted to a 3-point quasi-compliant seat with a Retro-Fit Conversion Kit.

**1** Thinner Back Design to Improve Seat Spacing

**2** Allows for Emergency Egress with over 15" of Aisle Space at the Hip

**3** Single Frame Construction can be Built to Convert to Quasi-Static Seat with Conversion Kit

**4** Built Standard Seat Belt Ready to Accommodate Lap Belts and 225 LATCH Brackets

**5** Numerous Wall Mount and Leg Configurations to fit all OEM Mounting Conditions, including Tack Mounting

**6** Complies with FMVSS 222 Upgrade for Seat Surface Area and Seat Cushion Retention

- Meets and exceeds all applicable FMVSS and CMVSS standards.
- Multiple sizes available to meet your specific needs.
- Available with 225 LATCH brackets.
