

Advance Bath Chair

The Advance Bath Chair is available in 4 sizes for infants through to young adults. The product provides the user with appropriate levels of postural support ensuring they are safe and secure at all times during bathing.

The simple and easy to use adjustments mean that the product can be set up in a variety of positions in seconds depending on the user's postural requirements.

The height adjustable legs mean that the product can be set up at the appropriate height for the parent or carer to reduce the risk of back strain or injury.
