

# Etac Swift shower stool/chair

Swift is a prize-winning series of shower stools/chairs designed with functionality and simplicity in mind. The basic shower stool can easily be transformed to a complete shower chair, by adding arm- and back supports.

## Stable on any floor

Etac Swift has a unique design that adapts to uneven floors thanks to the flexible seat. The soft, high quality ferrules adapt to the floor and ensure a good grip. These features contribute to the users safety.

## Changes with the circumstances

Swift is adaptable for different needs. It is possible to start using the shower stool and add arm supports and back support if the circumstances change. Swift is easy to adjust to the required height with the telescopic legs. It can be set one step lower at the front for a slightly forward tilted seat to facilitate standing up. Soft pads which are specially suited for showering are available should extra comfort be needed.

## Easy to handle

Swift is easy to handle thanks to its light weight. It comes flat-packed and is assembled without the need for any tools. Swift is also corrosion free and comes with a 5 year warranty.

### Etac Swift

	Green	Grey	Blue
- shower stool	81701010	81701410	81701510
- shower chair with back and arm supports	81701030	81701430	81701530

 Seat height Swift Low: 34.5–42 cm (13½–16½")  
 Seat area: 54 x 41 cm (21¼ x 16¼")

### Materials

Seat: Polypropylene  
 Legs: Aluminium, polyamide  
 Ferrules: TPE  
 Seat pads: Polyethylene

### Colours

### Maintenance

Clean / disinfect the product using a standard non-abrasive cleaning agent with a pH between 5 and 9, or with a 70% disinfectant solution.  
 The product can be safely cleaned in a cabinet washer-disinfector at 85 °C for 3 minutes.

## Features

### Easy to fit

The push button lock function makes it easy to both fit and remove the legs.

### Ferrules with a firm grip

The ferrules squeeze away the water and adapt perfectly to the floor.

### Firm grip possibilities

Without arm supports, the openings enable a stable grip.

### Safe surface

The surface structure ensures a safe, non slip seat, even when wet.
