The Dolomite Jazz is the epitome of function and style. Jazz provides superior ergonomics and control, making it the perfect companion to an active lifestyle. The rigid and durable frame can be folded effortlessly through the unique gate hinge and locked in place for storage or travel. Carefully crafted to provide the best in safety and mobility, Jazz boasts several patents and was awarded the red dot award: product design 2013 by an international jury of experts.

Features

- Simple to operate, one-touch height adjustment - Patented release mechanism is contoured and provides effortless height adjustments requiring no tools

- Memory locking handle adjustment - Intelligent handle height memory function is a Dolomite-patented design ensuring the user's handle height is always returned to the proper setting

- Hybrid non-linear braking - Delivers an even braking force remaining the same at both the beginning and at the end of the braking cycle. Hybrid system provides a clean look and simple adjustments

- Comfortable, waterproof seat - Provides additional comfort while using Jazz in the seated position. Seat pads are easily removed for cleaning

- Convenient folding basket - Provides space for daily necessities and holds up to 15 lbs. Built-in carry handles allow the basket to be removed and used as a tote
